

Itsy Bitsy Spider Hand Puppet

We all know and love the Itsy Bitsy Spider nursery rhyme but we have something to make it even more fun! Why don't you try to make this spider hand puppet to play with when your singing the song?

You will need:

- Black craft foam or black card
- Googly Eyes
- 2 black pipe cleaners
- 1 red pipe cleaner
- Scissors
- Plastic Lid or round biscuit cutter for the spider's body
- Sharpie marker or similar

1. First, we need to cut out the shape of the spider's body. Place the rim of the lid onto the foam and press down hard all the way. Use scissors to cut out the circle.
2. Next, you need to do the same with the sharpie lid to mark four small circles for finger holes. Cut out with scissors.
3. Then, using the tip of your scissor blade or pen, carefully poke two holes on both sides of the craft foam for the pipe cleaner legs. Feed the pipe cleaners through the back. (No need to cut the pipe cleaners, they should be just right)
4. Stick on the googly eyes

5. Fold the red pipe cleaner in half. Poke two more small holes in the craft foam, under the eyes for the red pipe cleaner mouth and feed that through too.
6. Now you can put your hands through the hole and play 'Itsy Bitsy Spider'.
