

Little Knellies

Nursery @ The Abbey

Lolly Stick Monsters

These monsters are spook-tacular and really great fun to make! You can be as creative as you want.

You will need:

- Lolly sticks
- Googly eyes
- Paint
- Paintbrush
- Duct tape/Card
- Tacky glue or tape

To create, you need to:

1. Glue or tape the lolly sticks together and create the shape of your monster.
2. You can either paint the lolly sticks or use coloured ones.
3. Double side the duct tape and cut into shapes for the eyes, mouth, horns etc. Alternatively, you can create these out of card or draw them onto the monster.
4. Stick these pieces on as well as the googly eyes.
