

## Masking Tape Art

This is a quick and easy activity you can do and the possibilities are endless – will you make a picture of trees, buildings, patterns or something else?

### You will need:

- Masking/Painters tape
- Any Paint
- Canvas or card
- Paintbrush

### To create:

1. On your canvas or card, place your pieces of tape ensuring that they are firmly stuck down so no paint seeps under.
2. Paint over the entire canvas however you want.
3. You can either lift the tape straight away, or peel off when dry.
4. Once dry, you can add any other patterns that you would like using pens.
