

## Nature Colour Hunt

Now that Summer has arrived and there are lots of colours all around, why don't you play this colour matching game?

You will need:

- Coloured chalk or markers
- Pavement or Paper
- An area with lots of colours to explore

1. It's really easy, all you need to do is use some coloured chalk or pens and make a mark with each colour on the pavement, paper or anything you want and then you can go off and explore somewhere fun and try and find as many colours that match.
2. You could also play this with shapes and match the different shapes.

Questions

What colour can you find most?

Which is your favourite colour?

What is the hardest colour to find?

Can you find some leaves that aren't green?

Can you explain the different shades of colour?
